CAMP
RIM ROCK
FOR GIRLS

CELEBRATING
74 SUMMERS

Camp Rim Rock is more than a great place. It is an experience filled with tradition, character and friendship. For more than 70 years, campers have learned to ride horses, play sports, swim and appreciate the arts.

Learning to kick a soccer ball, trot on a horse and throw a bowl on a pottery wheel are all fun skills that will last a lifetime. Those skills are only part of the lesson. The “real lessons” are the ones the girls learn on the journey. Self-confidence, teamwork, empathy and perseverance are the skills that make camp such an important part of the development of children into happy and successful adults.

THE BEST PART OF CHILDHOOD IS HAVING FUN!!

What better place to develop these skills than on our 500 acres surrounded by counselors whose goal it is to provide the opportunity for campers to have the best experience possible?

The best part of childhood is having fun. With girls from over 30 states and 12 countries, we hope to provide your daughter with a fun filled summer in a safe and caring environment. Considered one of the finest camps for girls, our reputation has been built on the belief that your daughter deserves the very best we have to offer.

We hope this brochure will give you a feeling for Camp Rim Rock. It is extremely difficult to demonstrate just how special Camp Rim Rock is in a brochure, so we invite and encourage you to visit us so we can show you Camp Rim Rock first hand.

We are eager to welcome your daughter as a new addition to our Camp Rim Rock family. We hope to help create some of the most special moments of her life.

AGE GROUPS AND CABINS

We have more than one counselor for every three campers. Camp Rim Rock has six units with several cabins in each unit. Each unit operates like its own small camp. There are at least two counselors living in each cabin with the girls. The camp divides its campers into groups by their grade and age. Each unit has its own bath house with private showers, sinks and modern plumbing. We pride ourselves on the high return rate of our campers. We have many girls who have spent more than ten summers at Camp Rim Rock.

SESSION INFORMATION

There are three 2-week General Camp sessions that may be combined into 4 or 6 week sessions. In addition, there are 2 1-week Horseback Riding Specialty sessions and a Mini Camp session. Many girls create a 3 or 5 week session by adding a week of Riding Camp to General Camp sessions.

MAIL & PHONE CALLS

The camp mailing address is:

CAMP RIM ROCK
343 CAMP RIM ROCK ROAD
YELLOW SPRING, WV 26865

Letters are preferable to emails, faxes and packages.

Candy, snacks and other food are against camp policy. Books, magazines and other items that can be shared with your daughter's bunkmates are preferred. If you send packages, please make them small in size.

Phone calls at camp are disruptive to your daughter's schedule as well as to her ability to adjust to camp. To inquire as to how your daughter is doing, please call our office at 347-RIM-ROCK and a Program Director or a counselor will return your call. We do allow a phone call for campers staying three or more weeks after the first two weeks.

VISITING

Camp helps your daughter develop self confidence. She needs to be wholeheartedly involved in what is going on at camp. Visits from home can disrupt this process. Therefore, we do not have a visiting day. If your daughter is staying for multiple sessions, arrangements can be made for a visit on the Saturday between sessions.

PACKING LIST

The packing list is on our website. We ask campers not to bring valuable items. Cell phones are prohibited.

Camp Rim Rock's clothing suggestions have been made as simple and sensible as possible. Each article should be plainly marked with your daughters full name. Clothing is most easily kept in a trunk which can slide under the bed.

Laundry is done once during a two week session. Remember to mark everything. Do not bring clothing that requires special handling.

TUITION

The tuition covers:

- ROOM AND BOARD
- SPORTS EQUIPMENT
- INSTRUCTION IN ALL ACTIVITIES
- CRAFT SUPPLIES
- LAUNDRY
- CAMP T-SHIRT

The tuition does not include West Virginia sales tax, medical insurance, riding helmet or transportation between camp and the airport. It is against our policy for counselors to receive gratuities.

A \$1,000 deposit per session, which is applied to tuition, is required upon enrollment. \$250 of this amount is a nonrefundable registration fee. Tuition payment, other than the \$250 registration fee, is refunded if cancellation is made prior to April 1. An additional \$1,000 payment per session is due February 1. The balance is due April 1.

BIRTHDAYS

Many campers celebrate their birthday while at camp. We recognize her special day with a happy birthday from the entire camp, “bumps” and a birthday cake to be shared with her unit.

FOOD GLORIOUS FOOD

We do our very best to make sure that our campers enjoy their meals. Breakfast, lunch and dinner are served “family style” in our Dining Hall. Our campers and counselors sit together to eat and socialize during meals. In addition to the meal that is served, we have “side tables” filled with options. We serve foods that are familiar - everything from a daily salad bar to Taco Tuesday - and also encourage a camper to try something new. Our counselors are there to assist and keep a watchful eye. Morning snacks, evening campfires with s’mores and other goodies, occasionally a baking class all add to the fun! Nothing makes us happier than when a parent asks us for our “secret” recipe.

Please contact us with any questions regarding food allergies.

ABOUT

Give your daughter an experience that will enrich her life with lasting friendships, life skills and memories. Camp Rim Rock is more than a great place. It is a great experience! Operating for almost seventy years and regarded by campers and camp professionals as one of the finest camps for girls.

BENEFITS OF CAMP

Dr Wendy Mogel is a nationally-known clinical psychologist and educator who wrote the best-seller parenting book “The Blessing of a Skinned Knee”. She shared a story about a good friend of hers whose daughter was a freshman at college.

This woman’s daughter thrived in her first semester in college. She earned exceptional marks (making the Dean’s List) and she became president of the freshman class. During Parents weekend, her mother met the mother of a senior who was president of the entire student body and was weighing various job offers. The two mothers were sharing stories about their daughter’s college experience when the mother of the senior shared an unexpected thought: “I bet your daughter went to overnight summer camp.”

- Camp helps students adjust to being away-from-home by giving them practice being away-from-home.
- Camp enables children to experience successful independence. Like college, they are away-from-home. Unlike college, they are in a community committed to their physical and emotional safety.
- Camp also helps campers deal with uncertainty. The camper who comes to camp for several years gets multiple opportunities to strengthen his or her resilience muscle. By the time they go to college, they are much more confident and resilient.
